**State Senate**

**State Assembly**

**Department of  
Insurance**

The Legislature began its first week of summer recess on Monday. The break runs through August 20. When the Assembly and Senate reconvene they have until September 15 to conclude legislative business.

Norwood Associates staff are taking time with family and friends during the break, so we will not be publishing for the next two weeks. The week before the Legislature reconvenes, we will highlight issues that will be considered in the remainder of the session.

Hope you all have an opportunity to take some time off as well!
